Yeah we could probably do that the only thing is I don't know how I would make the shrimp I'll be making the crabs the shrimp and scallops three different ways so that would get like a lotta different kitchen where dirty at one time so I'd rather do them one by one just so like it's not a hectic mess also yeah the scallops are really good the only thing that is my mom needs a low fat diet and I put butter in it so if we could get we could figure out some pep substitute I can just not put butter in it then that would be nice too

Just figure $50-$100 a day.   More if you guys are going out to dinner to someplace fancy but on average that's about what it is.

It's $50-$100 a day for drinks and stuff at the parks. That does not include shopping or dinner. So that's really just an average.   Your total is about $1100 estimated and if you do anything in the room like room surface and stuff it can go up from there so that's 1100 estimated.

And you’re showing extreme signs of future abuse. Everybody has shit they have to deal with I’m obviously not a narcissist and if that’s how you truly feel about me why do I wanna be with somebody who looks at me that way. I plan to clean up trash on the highway I love animals i defend all your friends. I don’t need you telling me how I am and how I feel on the inside I am more conscious than any of these people I’m more self-aware than any of these people I’m more self-aware than you I see everything I know everything I don’t need you telling me what’s going on

I’ve asked you Over five times to stop calling me a narcissist and you won’t stop I’ve also told you many times I’m going to work on my compassion and you have not understood that either so what is the point of being in a relationship if you’re just going to be extremely rude tell me I only wanna model for attention keep telling me I’m a narcissist and rubbing in my face and you’re not gonna see any of the good I do so what is the point

Yeah and I said I'll chase but then as soon as you say you show compassion and you keep on saying something mean right after it saying I'm disgusting or something or saying some bullshit and then you just keep making it more of an argument when I just already said that I understand that you're gonna show compassion and I said that I'm gonna chase you but then you just can't be mean with that you just can't just not have something smart to say or something mean to come out your mouth

Yeah I know I felt really bad I called you a narcissist I feel super bad about it like but like I went about the problem not exactly how I should've
Said it a little differently because you the way are you treat me A lot of times is narcissistic like I read it in a book and literally we have a black-and-white Push and pull relationship but that's what my apology this morning was about I don't mean to totally call you a narcissist or say that at all I'm just saying the way you treat me sometimes it's like that and it makes me feel bad like I just want change in our relationship

I just want u to know that i always am sorry tho whether i say it or not i dont wanna fight with u sometimes i get mad it's reasonable to get mad sometimes u just cant control it but i felt u should apologize to thats y i didnt say it i wasnt trying to be unsupportive i just didnt know why were doing it at first if we didnt have a garden i dont know where to put it or anything and i dont want animal close to the house in the yard especially racoons cuz of that cats i wasnt trying to make u mad with that at all but when u said ill just go home and do that where they actually support me it hurt my feelings and kenzie its not that i dont care abt us when i say idc if we breakup i mean it as i dont care if we breakup if its whats better i want both of us to be happy whether were together or not its only fair to us if we sre not going to workout then we should breakup thats only the right thing to do
